

09/04/2008

Just a note:

I wanted to thank you for the Jobs Bulletin Board. We go to it every day for an update on what jobs are being offered in our area for our field. We get a heads up a little sooner with this link than with a local source.

We are glad that we have this avenue of information to help increase our business. Well worth the “price of admission.”

Thanks,

Floyd Parker
